**KOHINOOR SAFETY CONSULTANCIES CO.** is an independent, third party inspection body in UAE following ISO/IEC 17020:2012 under Dubai Accreditation Centre (DAC)/Emirates International Accreditation Centre (EIAC) for the inspection of LIFTING EQUIPMENTS, LIFTING ACCESSORIES, CONSTRUCTION MACHINERY, PRESSURE VESSELS & STORAGE TANKS, NDT, WELDING, THERMOGRAPHY, ETC & TRAININGS. We provide quality services to meet our valued customers of construction sites, industries, factories, hotels and shopping malls. We have built our reputation in the market by providing quality services as per International Standards, Client's requirements and expectations, adhering to Local Governmental Authority regulations.

***"Our strengths lie in Quality Service, Deliverance on time with very Competitive Prices."***

### OUR VISION:

To emerge as a successful independent Third Party Safety Inspection Body and to be one of the market leaders in Safety Inspections & Trainings.

### OUR MISSION

- 🎯 To deliver high quality security and safety inspection based on local and international standards complying with ISO/IEC : 17020:2012
- 🎯 To assess and certify with commitment using expertise conscience as our guide
- 🎯 To impart our knowledge in order to avoid accidents.

### QUALITY POLICY

- 🎯 We, at **KOHINOOR SAFETY CONSULTANCIES CO.** committed to provide best services to clients, complying international standards, local laws and regulation to meet customer's requirement across the industries.
- 🎯 Fully compliance to regulatory authorities, industry standards and ethical practice are our prime consideration.
- 🎯 To meet these requirements, we have implemented a Quality Management System (QMS) complying ISO 9001:2015 & ISO/IEC 17020: 2012.
- 🎯 In addition, we are committed to continually improving the effectiveness of our QMS and will monitor performance against, relevant quality Management objectives and targets.
- 🎯 This policy is periodically reviewed to ensure its continuity, suitability and is communicated to all members and staff through induction and general awareness training. It is displayed in strategic location throughout the company.

### QUALITY OBJECTIVE

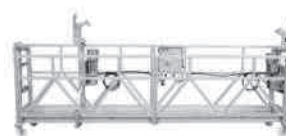

- 🎯 Our prime objectives are focused towards safety and welfare of our clients.
- 🎯 We strongly believe and focus on Customer Satisfaction.
- 🎯 We shall continue towards maintaining technical excellence in inspection & trainings through imparting adequate training to all our employees as per the training plan of the Inspection body.  
Customer complaints need to be targeted to zero by implementing best practices.

- Window Cradle
- Forklift
- Mobile Elevating Work Platform (MEWP)
- Vehicle Lift (Car Lift)
- Chain Block/Chain Lever Hoist
- Platform Lift
- Goods Lift
- Elevators (Lifts)
- Escalator & Travelator
- Electric Overhead Terrain (EOT) Crane
- Stairlifts
- Dumbwaiter

## LIFTING ACCESSORIES

- Chain slings and wire rope slings,
- Ring,
- Link,
- Hook,
- Shackle,
- Eyebolt,
- Swivel,
- Snatch block,
- Pad eye,
- Beam clamp,
- Plate clamp,
- Lifting beam, and
- Webbing sling and round sling
- Cargo net

## PRESSURE VESSELS & STORAGE TANKS:

- Air Receivers
- Air Compressors
- Boilers
- Other Expansion Vessels
- Calorifiers
- Storage Tanks
- LPG tanks
- Piping etc.

## NDT (NON DESTRUCTIVE TESTING):

- Visual Testing (VT)
- Radiography (RT)
- Ultrasonic Testing (UT)
- Magnetic Particle (MT)
- Dye Penetrate Testing (DPT)

## CONSTRUCTION MACHINERY

- Excavator
- Bulldozer
- Wheel Loader
- Skid Steer Loader
- Dumpers
- Tractors
- Backhoe Loader
- Trenchers
- Scrapers
- Etc
